# ABOUT US

Calbrema Enterprise is a multifaceted company that specializes in both diesel mechanics and transport logistics. At the heart of our operations and services is a deep expertise in maintaining and repairing heavy-duty diesel engines found in a wide range of commercial vehicles.

We have over 12 years of experience in the industry with our team of highly skilled mechanics who are masters of their craft, as they are able to diagnose and address even the most complex issues with precision and efficiency.

Calbrema also offers comprehensive transport logistics support, helping businesses optimize the movement of goods and materials across the supply chain. Our fleet management solutions leverage the latest technologies to ensure loads are delivered on time and in perfect condition, while our route planning and dispatch services work to minimize fuel consumption and emissions
